Gentlemen:

The financial transactions of the Montana Water Resources Board are covered in the following report for the period July 1, 1968 to and including June 30, 1969.

The total gross expenditure of the Board for the period amounted to \$1,111,994.64 as compared with \$1,121,541.30 for the previous year.

The total income and refunds to the Board amounted to \$292,586.27 as compared to \$298,239.54 the previous year. A total of \$137,926.27, composed of income and refunds on various Montana Water Resources Board projects in the amount of \$135,749.53 and interest income in the amount of \$2,176.74, was deposited in the Board's earmarked revenue fund. The balance of \$154,660.00 was income from projects on which bonds had been issued. These bonds are now owned by the state's General Fund and this sum was applied to the redemption of interest coupons and bonds. The total income received during the year to cover payment of interest coupons and bonds was \$155,441.29. A balance of \$4,121.64 was carried over from the previous year, making a total of \$159,562.93 available. After payment of interest and coupons in the amount of \$154,660.00 and trustee fees in the amount of \$968.60, a balance of \$3,934.33 remained in the various trustee banks on June 30, 1969.

There were encumbered on June 30, 1969 purchase orders amounting to \$85,281.85. A reversion of \$1,125,665.51 was made to the General Fund and \$13,495.73 to the earmarked revenue fund from appropriations.
